

Thank you for your purchase of the UX4 Stationary HOCl Atomizer.

You're about to discover the countless benefits of Genesis + HOCl. As with any new technology, you may have questions, and we are delighted to help answer them. You can visit the Genesis website at <https://genesishocl.com> to learn more about HOCl and atomizing, or if you prefer to speak directly, we are available at 231-FOG-HOCL and would love to talk to you.

****Dilute HOCl before use in UX4****

Recommended HOCl solution strength for use in the UX4 is
9 parts water (distilled) to 1 part HOCl.

Pour the HOCl solution into the tank first, followed by 9 equal parts of water.

See Owner's Manual for detailed instructions on operating the UX4.
